Falls are velvety black-cherry with paler rims and adorned with dark root beer beards. Each flower is well-formed and elegantly ruffled. \$15.00

**Laced Credentials** T.Johnson 07; LACED CREDENTIALS is "the one" so many asked about and admired during the AIS convention - "the one with the beard". The catalog shot doesn't begin to do it justice. It is rather difficult to photograph. Ruffled and laced flowers are medium violet-blue with much paler pearl-violet centers around wide, fat, heavily saturated mustard gold beards. One hardly notices the rest of the flower with such imposing beards. Super branching and growth plus a lovely sweet fragrance make this a standout. \$10.00

Let the music begin. \$30.00

tones. Each flower shimmers with diamond dusted elegance. Beards are fully saturated deep golden yellow. Smaller flowers are born in abundance on evenly spaced show stalks. SUNSET SILHOUETTE is a favorite because of its clean growth and great clump appeal. \$12.00

**Wizard Of Odds** Black '09; There is no doubt the wizard lives up to his name. Wizard of Odds gives a strong performance where other streakers have failed. Tightly formed flowers are carried on strong show stalks with plenty of buds. Its robust growth will keep its magic going season after season. No two flowers are alike, not even close. The basic color is bright ruby red and bright gold but applied to both standards and falls in whatever whimsical pattern the wizard conjured up at the moment. Have a look at the pictures and you'll see this is one mixed up wizard. The pod parent, Pure as Gold, is a strong rebloomer and while Wizard of Odds hasn't rebloomed here, it has great breeding potential for both rebloom and broken color. Try it and see what your odds are. \$32.00
